Questions to ask before you rent

What's the REAL cost?

Beware of rental costs that appear to be low but have hidden fees. By the time all extras, maintenance and insurance are added, it may not be such a bargain.

What does insurance and maintenance NOT cover?

With North Fulton Violins EVERYTHING is covered, with no deductible and no exclusion. Even strings! Read the fine print. Some stores seem to sell insurance, which doesn't cover much of anything.

Am I signing a contract to purchase?

Look closely at any contract before obligating yourself to more than you want. At North Fulton Violins there is no length of contract. You may return the instrument at any time with no further obligation.

How much of the rental applies to the purchase?

100% of the rental applies to the purchase of ANY instrument in the shop, regardless of size or quality. Some stores only apply a portion of the rental toward a full size instrument. Others charge a penalty when you move up in size. Not here. 100% means 100%.
